Comments:

I, Laura M Harris, DVM, have on this day (30 April 2013) made a clinical examination of the above horse. The sole purpose of this examination is to collect information about this horse. This examination is not to be used as a prognosis or warranty for future use. I call the specific attention of the buyer to the medical history, clinical findings, and radiographic findings prior to the purchase of this horse.

Laura M. Harris, DVM
